

If I see a DNE in the score sheet, what does that mean?

Rule A10 (Appendix A to the RRS), defines DNE as a disqualification that is not excludable.

Rule 90.3(b) states, “when a scoring system provides for excluding one or more race scores, any score that is a Disqualification Not Excludable (DNE) shall be included in a boat’s series score.”

A sailor will be scored DNE if the protest committee determines the sailor broke Rule 2.
